

Software Developer

Candidate ID: 20516

South Salt Lake, UT I am a responsible, self motivated, hard working individual with several years of experience in customer service, electrical engineering, and computer science. I am a college graduate with a Bachelor's degree in Electrical Engineering and have pivoted that degree towards a career in Software Development. I have recently relocated to Salt Lake City, UT and am looking for employment in that area (or remote) to replace my current commute. Authorized to work in the US for any employer

WORK EXPERIENCE

Software Developer

Conservice - Logan, UT | March 2016 to Present

Conservice is a utility billing management company. I receive work orders from the Billing Department for desired enhancements/bug fixes to internal company software, then use SDLC method to implement software changes via C#, WPF, and SQL code. Working in conjunction with a few dozen developers on solutions, implementations are heavily tested for speed and accuracy as they can potentially affect millions of resident bills a month

Customer Service Associate

Walmart - Logan, UT | April 2011 to March 2016

Provided customer service with returns and disputes. Sorted returned inventory and provided cashiers or customers with assistance as necessary. Education Bachelor of Science in Electrical Engineering in Electrical Engineering Utah State University - Logan, UT January 2008 to May 2015 High school or equivalent Sky View High School - Smithfield, UT August 2004 to May 2007 Skills .NET (3 years), C# (3 years), SQL (3 years), WPF (3 years), Visual Studio (6 years), JIRA (2 years), C++ (3 years), Blender (3 years) Certifications/Licenses Secure Coding December 2018 to Present Certificate of Continuing

EDUCATION

Completion This certificate is awarded to Nathan Spencer for successfully completing the 10 CEU/CPE and 10 hour training course provided by Cybrary in Secure Coding.
